# SCCLA and Its Leather Weekend History

## The Santa Clara County Leather Association

The Santa Clara County Leather Association is a social and educational leather club. To nurture the club and support community, we perform outreach to new leather folk and sponsor some fundraising events for charity. The SCCLA is a pansexual group, rooted in the gay and lesbian leather community. We are open to all orientations and genders.

SCCLA has three regular monthly events:

- Our monthly business meeting, held at 7:30 P.M. on the first Thursday of the month at the Billy DeFrank LGBT Community Center.
- The “Bar Schmooze” social, held from 9 P.M. to midnight on the first Friday of the month at Renegades Bar.
- The “Dinner Schmooze” social, held from 8 P.M. to “whenever” on the second Thursday of the month, currently at House of Pizza in San Jose.

*Membership in SCCLA is not required to attend any of these events, although on occasion guests may be excused from the room in the business meeting.*

For more information about SCCLA and its current calendar of events, we invite you to visit our website at [www.sccleather.org](http://www.sccleather.org) .

The Santa Clara County Leather Association has always operated by consensus, with very little hierarchy and no formal officers. In our early years, the Imperial Royal Lion Monarchy, Inc. of San Jose very kindly allowed SCCLA to operate under its non-profit umbrella. Two and a half years ago, consensus was reached to become a formal membership club and we moved under the umbrella of the Billy DeFrank Lesbian and Gay Community Center.

### Ten Years of Leather Weekends

SCCLA has been producing a Leather Weekend since 1996. From the very beginning, our Leather Weekend consisted of a social event, a community fair, a Sunday Brunch, and our Mr.& Ms. Santa Clara County Leather Contest. In those years where qualified contestants were not forthcoming, SCCLA has chosen to produce a Leather Fantasy show in place of the contest.

Those 10 years of celebration are commemorated on the following pages with some of the signature artwork and the names of the title contest winners, if any.

# Our Beneficiary

This year SCCLA has chosen The Billy DrFrank Lesbian, Gay, Bisexual & Transgender Community Center as our beneficiary for our Leather Weekend. The Billy Defrank's mission is to provide a broad array of opportunities and programs, a dedicated and caring staff, a corps of volunteers, and a spirit of community that celebrates the many facets of our broad-based Lesbian, Gay, Bisexual and Transgender constituency.

While the DeFrank Center's history is only a little more than half the age of the Stonewall events, their movement is fueled by the events of that time. William Price (Billy DeFrank) knew it and his legacy remains a call to action for our community to continue his important work. We continue to fight for our rights, advance liberty and justice for all and provide opportunities for positive social identification.

## Seminars / Panels/ Demos

12:30pm: Blue Room

### **Extended Families Panel**

A discussion with people who live with multiple partners, and how they get along. A boy who entered a relationship with his Daddy and his Daddy's lover. A married couple bringing in a submissive, and Mama, who has a family of over 800 and raises 1000,00 of dollars for non-profits. The dynamic of working and living together.

12:30pm: Medical Room

### **Fire Play**

Jeff Tucker and Loren Quon

1:00pm: LM Room

### **How to get what you want as a bottom (with Tips for Tops)**

This interactive discussion will explore the challenge of submissives and bottoms: How do you show deference in your role and also let a Dom or Top know you want to serve? Tops and Doms don't read minds. you don't want to be a pushy bottom. Why play with someone you can't please? On the other hand, what's the point of being submissive if you dictate the scene? The answers lie in transparency, perspective, word choice and body language. Don't expect me to know all the answers, but I have ideas. Let's explore why it's difficult to get what you want as a bottom, and what to do about it. The tension between saying too much or too little can turn up the heat! Or it can stop things from starting. Sometimes it brings scene to a screeching halt. This happens to experienced and newer players, and many people in between. Yet some subs have mastered (so to speak) the skills needed to serve completely and communicate at the same time. Have you?

Seth Munter

2:00pm: Outside

### **Water Play and Breath Play**

"Water is definitely my element. Some of my most memorable SM experiences have involved bondage in the pool. They were magical encounters and took the other person on a cathartic and sometimes life transforming journey.

Water is such a natural medium to break down barriers and go deep. Think about it, we are comprised mostly of water, we are born in amniotic fluid, we must constantly feed our bodies water to stay alive. Water is vital. It can caress and simulate a mother's womb or we can drown in three tablespoons of it.

Water is a loving and harsh Mistress. I adore that about her."

Rhea

## **Transgender and the Leather Lifestyle**

The BDSM/leather culture is richly diverse, and attempts to promote openness, acceptance and respect for personal choice. Though we celebrate our differences, we share a commonality in our desire to get our needs met through BDSM or "leather" sex. What are the challenges we face when one discloses, or is disclosed to, that a member of our community has transsexual experience? What are the pre-conceptions, fears and stereotypes? How do we define ourselves and others when it comes to gender?

He has a large list of kinks and is always open to more! He has a wonderful leather family supporting him: his partner Dave, his pup spunky, his boy william, and his pup chomper.

## **Daddy Warren Williams**

Warren M. Williams: An active member of the GLBT and leather communities since 1992 working with organizations in Washington, DC and Atlanta, GA. After relocating to the Bay Area in 1998, he became involved with the leather community as a member of the

Wyatt's birthstone is lava... he's been active in the south bay leather community since about '91. He is one of the founders of the Dungeon's Monitor Association and has put on many events, classes and discussion groups over the years. He is very active in the SCCLA,

and is known for his annual photo retrospective and many hours of behind-the-scenes work. Wyatt transitioned about ten years ago.

In 2004, he was honored to serve as judge for the International Mr. Leather Contest. However, he takes the greatest pride in his twelve years as boy and partner to his Daddies Jeffery Tucker, fire player extraordinaire and IML 1994, and Steve Crane, Tenor with the San Jose Choral Project and his two years as Papa Goombah to Darby McShane, biological Wheaten Terrier.

## **Loren Quon**

Loren walked into a Levi/Leather bar over 25 years ago and walked out inexorably changed. She's been playing, privately and publicly, for most of those 25 years.

She identifies as a Top who happens to have a Dom, a female-bodied fag and a LeatherDyke who plays with men. She's more than happy to confuse most anyone around her. Fire is one of the many F's in Loren's repertoire. Other F's are: fisting, flogging and fun. Loren also likes her Violet Wand, straight razors, knives and loves 'playing on the cheap.' She's on a first name basis with the clerks at OSH and TAP Plastics. Loren's been actively involved in the South Bay Leather community for the past few years and can found at various events and munches. As a member of the Santa Clara County Leather Association (SCCLA), she has demonstrated a number of her more 'esoteric' skills at San Jose Pride, SCCLA Leather Weekend, Edges, The SF Citadel and Leather Nights at Renegades. Her love of fire play started years ago and hasn't gone away yet.

## Seth Munter

## Rhea

Has been involved with the leather community since the 1980's. She has presented nationally on numerous topics and you may have seen her teaching bondage on HBO. Her passions lie in a more spiritual holistic approach. Rhea uses her postgraduate degree in Psychology for the basis upon which she addresses issues of shame and self-esteem. As a KaSeeKa, Rhea guides a select few on their journey to own all of who they are and to be true to their path.

Rhea is a founding member of Camp Arachnid, a bondage camp at Burning Man now in it's 6th year. She has been a trailblazer presenting to other alternative lifestyle communities. And starting in January she will be resurrecting the SMU classes she taught in Southern CA in the 1990's. Rhea has been incorporating water into her SM play for over 20 years. The license plate on her car says MERMAID.

## Lance Moore

Lance represented the Santa Clara County Leather community as a titleholder in 2000. Since then he has remained active in the club, helping it evolve three years ago into a membership organization which continues to grow and serve the San Jose Queer Leather community.

In 2005, Lance was acknowledged by his peers in SCCLA when he was awarded Member of the Year.

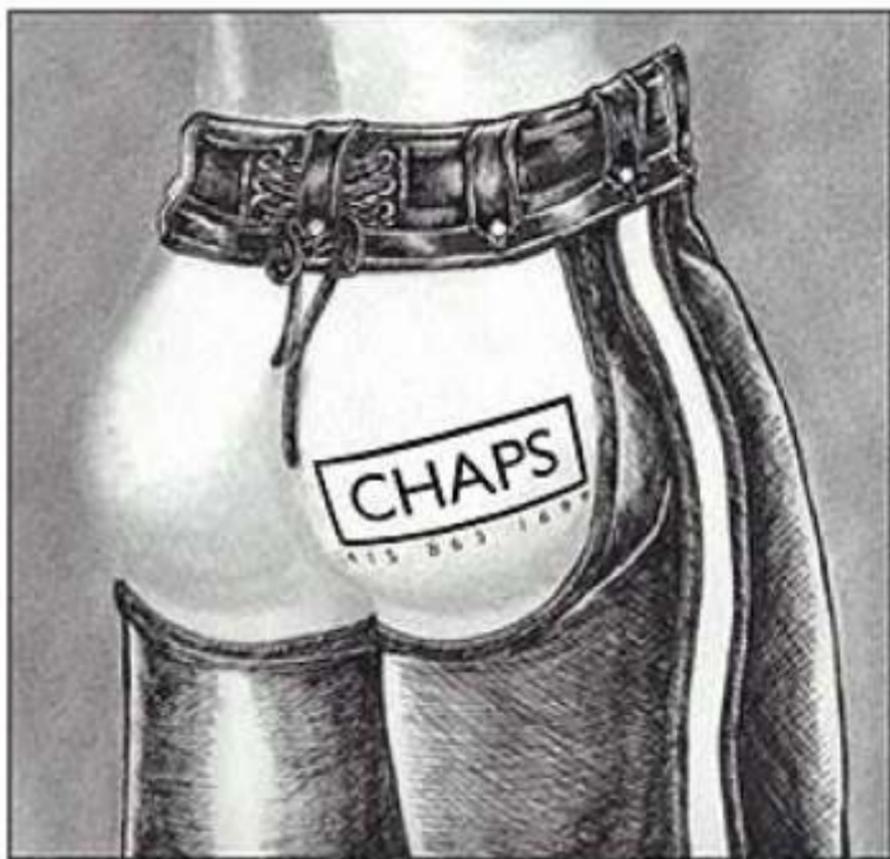

Outside of the Leather Community, Lance volunteers at the Billy DeFrank LGBT Community Center in San Jose by facilitating a monthly discussion group for transgendered men.

## Ms Tender

A little about me, I am a bi poly switch with a boy, DeMoN, in service to me. I have been involved in our local community for 6 years. I have volunteered for smOdyssey, Southern Cross, SCCLA, and hosted some of my own social events. I believe that the community survives only with all of us giving back.

My leather family started soon after entering the scene when I came in to the House of Viper, my friend and mentor. Over the last 5 ½ years my leather family has grown in to what I now love and cherish. Some members have come and left but my leather family has been the backbone of my BDSM lifestyle. I hope to see it grow stronger as time passes, with a lot of solid branches. I have started my own branch, some may know it as Casa de Chaos, with two other members, my DeMoN and Marcus. We aspire to see this also be a household that grows into robust family.

I would like to thank Santa Clara Leather Association and my fellow panel member for allowing me to be part of this wonderful event. Consumed by the fire, Ms Tender

## boy tyler

Tyler Fong, aka boy tyler, started his leather journey about 11 years ago researching printed materials and utilizing the internet for information regarding BDSM.

His physical transition (female-to-male) started in 1995. He enjoys serving as bottom to the men of the 15 Association and at Citadel play parties. He currently holds the office of Pledge

Director with the SF boys of Leather and is an Associate Member of the 15

Association. Other hobbies include the gym and playing French horn in community groups. Work is in the health care industry. Education as a trans activist include the leather community as well as mainstream society.

In 2003 he represented Transgender SF as Mr. TGSF 2003 to raise awareness of FTM's and the benefits of the leather lifestyle.

## Alison

Alison transitioned in the early 1980's. Although she has only been part of the local leather community for six months, she has been a solo pervert for her entire life. She is a native of the San Francisco Bay Area, and she likes pie.

## Phil Lindo

(aka pup spunky) is a proud collared pupboy of Master Richard Sprott. Spunky began his journey in sm/bd fetish play at the age of 15. He has been involved with the gay community for over ten years, serving a number of leadership positions. This last year, Spunky served as the San Francisco

Leather Daddy's boy XXIII. Spunky is also a member of the Imperial Family of San Francisco and Monterey courts. He also is a member of the Empresses Council of San Francisco. Spunky has presented demos and lectures at a number of events, LDG, Leather Alley, SF Citadel, Eros and for the STOP AIDS Project.

## Ali

Ali grew up in various states along the Eastern coast of the United States. She grew tremendously in her views on freedom in sexual and gender identification at age 18 when she came out as a bisexual in rural Georgia. Nothing less than a hardship. After moving to Boston and Los Angeles she began to dabble in the S/m and Fetish scenes and was elated in their sexual diversity but soon began to feel a lack of communal gathering. Once arriving in San Francisco Ali was granted a wonderful place with her partner Alex and dove head first into the national Mecca for various alternative sexual lifestyles. She is currently the owner of Edges, a lifestyle BDSM dungeon and production facility in the South Bay of San Francisco.

## **shadow**

A native Californian she came out publicly at the Thursday Palo Alto munch, found her heart in slavery as an object, and has been in service as a volunteer for the local community continuously ever since.

She identifies as property- meat- and is owned by Strong Eagle, with whom she founded Southern Cross BDSM discussion & real time play group and Married/Poly discussion lists.

She is a fear player within the M/s world she lives in, believes in Beast and beastmeat, and thinks that any scene that ends with the room cringing in fear is a good one.

## **Strong Eagle**

Also known as A.J., Strong Eagle has been a lifestyle Dominant for more than a decade. A sadistic evil fucker if ever there was one, He leads a family blended of both vanilla and Leather, as both he and his wife own human property. He is Founder of Southern Cross BDSM group in San Jose, and a staunch supporter and fundraiser for the NCSF. He assists and supports Transitions discussion and e-mail list for newbies transitioning from cyber to real time. He has taught classes on his most beloved toy, the cane, since He first learned their song, and sells his own cane creations in a variety of materials through Leather Masters or directly at classes. Blood is something he enjoys watching run almost as much as tears.
